This week's news from around the Council.

- **Flooding and disruption at Hinksford Mobile Home Park**

Last Sunday, flooding affected Hinksford Mobile Home Park following the widespread disruption caused by Storm Dennis. A number of homes needed to be evacuated from the Council-managed site and the Council's emergency procedures were activated by the director on call. The Council's response team worked throughout Sunday to ensure residents were safe and an emergency rest centre was set up in the nearby village of Swindon. Many of those affected by the evacuation were elderly residents and the Council's housing team was on hand to arrange accommodation and welfare support following the incident. During the day, the Council closely monitored the situation and although electricity had to be turned off for a time due to high water levels, power was restored in the early evening.

By Monday, the majority of flood water had gone, and park warden and the Council's Street Scene and Commercial Services teams supported residents with the clean-up of the site. A big thank you to all residents, local councillors, volunteers and Council staff, many of whom were not on call but who came in to support the residents of Hinksford Mobile Home Park. - **Community Safety - speed checks**

On Thursday 13 February 2020, Staffordshire Police carried out speed checks in Swindon High Street and Lower Penn (Springhill Lane and Langley Road). The locations were identified as a result of recent complaints made by concerned residents and Parish Councils. Although a little hampered by the weather, ten warning notices were given out. #OpLightning

- **Weddings**

After careful consideration of the business case, the decision has been made to stop offering a wedding service here at the Council Offices in Codsall. There are two weddings left for us to host in May and July this year but they will be our last.
